SUMMARY

Automation and AI developer with hands-on experience building workflow automation, AI-powered chatbots, and data pipelines using Python, Google Workspace APIs, Supabase, and LLM APIs (Groq, Gemini). Skilled at turning manual business processes into automated systems that cut turnaround time and improve visibility. Experienced in building and publishing mobile apps to the Google Play Store and Apple App Store.

TECHNICAL SKILLS

- Programming: Python, JavaScript (Google Apps Script)
- AI & LLMs: Gemini AI, Groq AI, OCR, prompt engineering (Claude 101 certified, Anthropic)
- Automation: Google Forms, Google Sheets, email approval workflows, web scraping / price tracking
- Backend & Data: Supabase (database and storage), REST APIs
- Bots & Integrations: Slack Bot API, Telegram Bot API
- Deployment: Render; app publishing to Google Play Store and Apple App Store

EXPERIENCE

Software Developer Intern — KGeN | Jul 2026 – Present

- Built a Site Auto-Approval Automation for venue selection and site recce approvals, integrating Google Forms, Google Sheets, and automated email workflows.
- Enabled stakeholders to approve or reject requests directly from email, with decisions automatically routed to the relevant team in real time.
- Eliminated manual tracking, reduced approval turnaround time, and improved operational efficiency and process visibility.

PROJECTS

AI-Powered Slack Bot | Supabase, Groq AI

- Built a Slack bot that answers company-related queries in real time, fetching live data from the database and responding within 2–3 seconds.

Expense Logger Telegram Bot | Python, OCR, Gemini AI, Supabase, Render

- Developed a Telegram bot that extracts expense details from receipt images using OCR and Gemini AI.
- Stores structured expense data in Google Sheets and receipt images securely in Supabase; deployed on Render.

Fetch The Price — Competitor Price Tracker | Python, Google Sheets

- Automated tool that fetches real-time voucher prices from competitor websites and logs them to Google Sheets.
- Continuously updates prices, enabling quick comparison and efficient tracking of voucher rates.

EDUCATION

Master of Computer Applications (MCA), Computer Applications | Aug 2024 – Present

Maharaja Agrasen Himalayan Garhwal University

Bachelor of Computer Applications (BCA), Computer Applications | Aug 2021 – Jul 2024

Patliputra University — Grade: 70.6%

Senior Secondary (+2), Mathematics and Science | Apr 2019 – Mar 2021

R.K. College, Aurangabad
